

The Pulse – Issue 45

May '12

Thankyou to everyone who dropped by at FILEX this year! It's great to put faces to names, catch up with our existing customers and meet some new ones. Hopefully you're as excited about ClientConnect Online as we are and we look forward to being able to release this later in the year.

Version 5 of ClientConnect is now available to customers with current Support Agreements. As detailed in past newsletters, this version includes new developments such as Class Sign-ins, Martial Arts Gradings and other features using the new Office 2010 look and feel. Please contact [Support](#) for information regarding the download.

Scanners on Sale!

We are having an 'End of Financial Year Sale'! The Symbol LS2208 Barcode Scanner usually sells at \$225, but until 30 June 2012, you can pick one up for just \$175 (plus \$10 shipping). That's a saving of \$50!

The scanner is small and lightweight and comes with its own stand. Designed to increase productivity of member check in and point of sale, why not try one at this greatly reduced price?

RELEASE NEWS

Our much anticipated new release, **Version 5**, can now be rolled out to customers with current Support Agreements.

This new version has *significant changes* with regard to the look & feel of ClientConnect.

We recommend that you review the [Release Notes](#) *before* you load the upgrade.

Some of the new developments include:-

- The Sign-In screen has been re-developed to accommodate different options for Client and Class Sign Ins.
- There are exciting new developments that manage Gradings. These will suit Martial Arts and other progressive level programs.
- Many of the Control Panel and setup items have been moved/re-grouped to more logical locations.

Alternatively, you may wish to remain on Version 4 with the current look and feel. Should this be the case, please ensure that you install V4.3.18.0.

Please contact [Support](#) for information regarding these downloads.

Handy Hint Number 45

Function Key - shortcuts

ClientConnect uses several of the function keys on your keyboard to jump from one area to another or to bring up certain screens.

They are handy as it is a quick press of a key, rather than navigating your mouse to the appropriate button on the screen.

This could save you valuable time - if you're already in the Bookings Explorer, simply press F3 to bring up a client file. ClientConnect won't have to load all the data in the Clients and Enquiries area - just the one client - then you already have all your bookings data loaded from before the search. Handy!

F1 - brings up the Help Menu.

F2 - takes you to the Home Page

F3 - brings up the Client List.

F5 - Refresh

F6 - takes you to the Bookings Explorer

Club and PT Management Software

F7 - takes you to Point of Sale

F8 - goes to the Clients & Enquiries screen

F9 - brings up the Reports menu

Reminders

As usual, please send **ALL** correspondence to support@pulsetecsolutions.com NOT to our personal emails because if we are away, you may not be answered and we don't want that to happen. You can also phone us directly on +61 (0)3 9878 7813 or check out our support website <http://support.pulsetecsolutions.com> for handy hints, instruction sheets and archived newsletters.

If there is a topic that you would like us to cover, or you have a specific task that you need to perform, please give us a call and we can help you find a solution.
